

Mackenzie Moody

Antimicrobial Resistance and Environmental Health Research Assistant
Dahdaleh Institute for Global Health Research 2019/2020

I did...

At the Dahdaleh Institute, I carried out 3 major tasks

Additional Research

Added new research to the Dahdaleh Institutes AMR Mendeley Folder

Synthesized Research

Spent time reviewing Mendeley and summarizing data

Proposed New Ideas

Explored articles independent of Mendeley and proposed short briefs

I learned...

Helped build on my academic skills

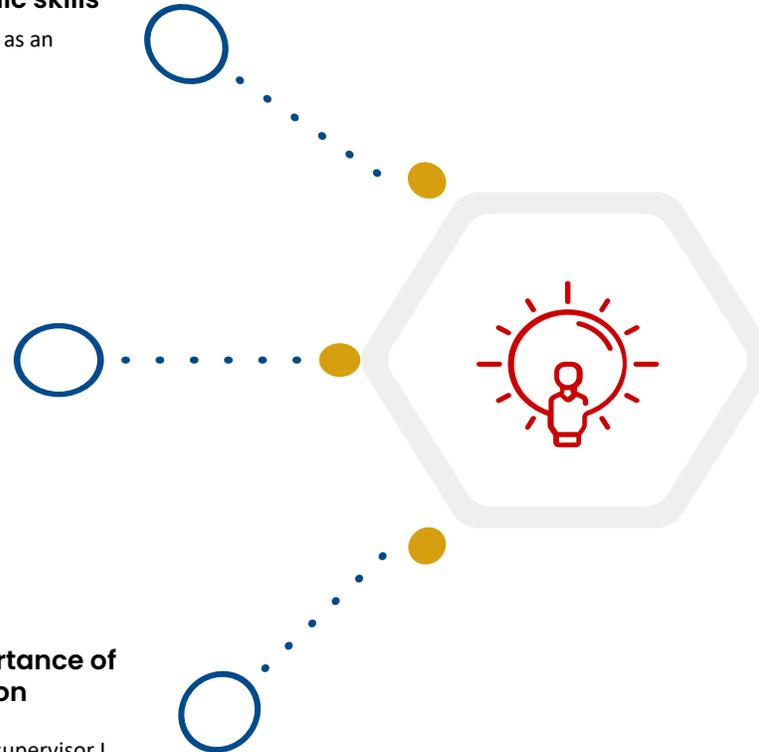

It helped build on my experiences as an undergraduate

Taught me how to propose an idea

I learned confidence in my ability to present my ideas in a professional manner

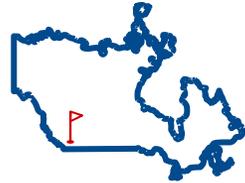

Taught me the importance of communication

Working closely with my supervisor I learned the importance of communication

I plan to...

Short term

Move back to Western Canada,
hopefully begin research at UBCO SMP

Mid Term

Pursue further clinical education in nursing

Long Term

Pursue my masters, be an
advanced clinician, give back to the
communities that need it the most
